PROFESSIONAL SUMMARY

Master's graduate in Artificial Intelligence from Badji Mokhtar University – Annaba, with a Bachelor's degree in Information Systems. Experienced in mobile and web development using Flutter and Python, as well as AI-driven agricultural solutions. Co-author of a peer-reviewed research paper presented at an international conference and published through IEEE.

EDUCATION

Master's in Artificial Intelligence *Badji Mokhtar University – Annaba* 2026

Bachelor's in Information Systems *Badji Mokhtar University – Annaba* 2024

PUBLICATIONS & RESEARCH

IEEE — PAIS'2026: "A Hybrid LSTM-Enhanced Reinforcement Learning Framework for Intelligent Smart Agriculture"

8th Int'l Conference on Pattern Analysis & Intelligent Systems · April 29–30, 2026 · IEEE Algeria Section

PROFESSIONAL EXPERIENCE

Smart Agriculture Application — Lead Developer *AgriPAI / ZiraaTech · Badji Mokhtar University Startup Program* 2024 – Present

- Developed AI-powered mobile app for crop prediction using Flutter & Python ML pipelines
- Presented research at the PAIS'2026 IEEE international conference

Technical Intern *Directorate of Agriculture – Annaba, Algeria* 2023

- Gained experience in administrative and digital systems within a public institution
- Assisted in technical and organizational tasks related to digitization initiatives

TECHNICAL SKILLS

Programming & Development: Python, Java (Basics), HTML/CSS/JavaScript, Flutter, Web Development, Mobile Development

AI & Data: Machine Learning, AI Systems, Power BI, PostgreSQL, Excel

Databases & Tools: Databases, Git, Microsoft Word, Microsoft PowerPoint

LANGUAGES

Arabic French English
